Mmmmm

For now, let's not make no big decisions
Let's just ride this wave for a little while
We've got time
And we're bound to have collisions
Let's not worry about it, not right now

Cause I'm here with your love always
And I'm gonna keep it safe in my own hands

Ooh ohh ohh, we'll be soaking up the sun
I'm in it for the long run
You and me together
Ooh ohh ohh, whispering in my ear,
Sayin' that you'll be right here
Tell me again and again cause
I'll never get tired of hearing it's forever
Ooh it's forever

This took time
And we've been scared and stupid along the way,
Oh yeah baby
But our love is getting stronger and stronger everyday,
yes it is
But I'm here with my love always
And you're my shelter when the rain comes down

Ooh ohh ohh, we'll be soaking up the sun
I'm in it for the long run
You and me together
Ooh ohh ohh, whispering in my ear,
Sayin' that you'll be right here
Tell me again and again cause
I'll never get tired of hearing it's forever

I don't care what the people say, they don't know
anyway.
Ooo! It's just me and you, there's only room for two.
There's only room for two.

Ooh ohh ohh, we'll be soaking up the sun
I'm in it for the long run, you and me together

Ooh ohh ohh, whispering in my ear, saying that you'll
be right here
Tell me again and again it's forever

Ooh ohh ohh, we'll be soaking up the sun
I'm in it for the long run
You and me together
Ooh ohh ohh, whispering in my ear,
Sayin' that you'll be right here
Tell me again and again cause
I'll never get tired of hearing it's forever

Ooh it's forever! Oooohhh
