Get the truck loaded, got a long way to go
Get the truck rollin' away from Idaho
Keep the wheels movin' all the way to Walnut Grove
And I know, and I know, we're gonna see the money
flow

Get the truck loaded, got a long way to go
Get the truck rollin' away from Idaho
Keep the wheels movin' all the way to Walnut Grove
And I know, and I know, we're gonna see the money
flow

We get the truck loaded with some chicken and some
sheep
Ket Tacky's gonna buy himself new tires to his jeep
I say, pigs and pork, hay on forks, that's our melody
On the market, we'll be very rich, one day you'll see

On the market, I saw Grandma Ruth, she offered me a
pig
Damned scary, she was very ugly lookin' in her wig
So I sure was in a hurry, so I threw it in the truck
Then she got very mad and I said, "Who gives a fuck?"

Get the truck loaded, got a long way to go
Get the truck rollin' away from Idaho
Keep the wheels movin' all the way to Walnut Grove
And I know, and I know, we're gonna see the money
flow

Get the truck loaded, got a long way to go
Get the truck rollin' away from Idaho
Keep the wheels movin' all the way to Walnut Grove
And I know, and I know, we're gonna see the money
flow

Ken Tacky had discovered that the raisin show was
fake
He had bought the tires Bill had made of his gigantic
snake
He said, "Snakeskin tires", they will match up perfect
with my boots

Then Bill came running after him, the big fat brute

Father Raskenstam he offered me a chicken with two heads

I bought it as a present to my stupid uncle Fred

But the noise he made was awful, so I threw it in the truck

Then he got very mad, so I just kicked him in the back

Get the truck loaded, got a long way to go

Get the truck rollin' away from Idaho

Keep the wheels movin' all the way to Walnut Grove

And I know, and I know, we're gonna see the money flow

Get the truck loaded, got a long way to go

Get the truck rollin' away from Idaho

Keep the wheels movin' all the way to Walnut Grove

And I know, and I know, we're gonna see the money flow

Get the truck loaded, got a long way to go

Get the truck rollin' away from Idaho

Keep the wheels movin' all the way to Walnut Grove

And I know, and I know, we're gonna see the money flow

Get the truck loaded, got a long way to go

Get the truck rollin' away from Idaho

Keep the wheels movin' all the way to Walnut Grove

And I know, and I know, we're gonna see the money flow

Get the truck rollin' away from
