I'm the chick who drops sick flows fill bowls
with ill flows ill ho hell knows pantyhose holes full of No
Doz
Make your earholes shit pop six Pep Bysmol
sick abysmal bitch suckin dildos instead of dicks for
kicks
No time for fake bitches, just sip some orange juice
with my real bitches
And I just got three wishes I ain't askin for world peace
I want Range Rovers in three different colors
Genie gimme the damn keys!
Dead wrong like a Dead sticker on a bong bombs
runnin arms and rayguns with Ron Reagan to Vietnam
and Iran
I'm blonde and dumb, I just taped over your demo with
my song
Gagged sisqo with his thong
I ain't kiddin I'm filled with lil pills of Ritalin
riddle middle men to rob Bailey and Biddle again tell a
friend
I use men like Mennen in my armpit I'm bad I can't stop
it
Evil twin count as two in your caucus
Tell Murdoch lemme in his office
I'm a steal the carpet then Fox and then Rawkus
Voted for Dukakis, and I like Secaucus
Cuz they got the word cock in it

Welcome to my world, such a nice nice girl, welcome to
my world
Of course I'm getting lost ran into Kate Moss
Fed her a nine course full of chopped horse and forced
her to toss

10 times divorced I speak in Morse
dot dot dash dot dash (HuH?) I just told you had an
ugly ass!
Type rash unabashed crass with a brain rash
strapped for cash take me to your trailer I'll steal your
trash
Ask me a question, I love to lie

hey look girl is that Jimi Hendrix?
'Scuse me while I kiss your guy
Everyone tells me I'm the female Eminem
well all I'm gonna talk about is getting fucked up the
ass then
Don't be mad Em I'm just playin
I wish I had a Dr. Dre and sold out shows one million
white faces in Dayton
Ritzes stead of Days Inn bitches for maids then
2 scoops of raisins amazin lays by names like Casey
Kasem
Lazin by the pool with record industry fools
Crystal in my drool, man that'd be cool
I'm like Whoa

Let me answer the question of the day
I was born in Spanish Harlem then moved to PA
On 172 and St. Nich. Food stamps and WIC
'til my folks worked themselves rich (this track's
making me sick)
If you want to compare me like white Lil' Kim female
Kool Keith
I'm speak and keep it simple
here's your brain on Princess Superstar pretty mental:
Ok-- I'm the Black Shirley Temple
Iced out like Entenmanns iced pens and diamond
engines and denims
Got 10 Yemins countin Benjamins with Lettermans
Killin Pac mens like Inky and Binky
When ya stick your finger in me
it'll be sticky come out with a diamond ring on your
pinky
Work six different angles, nicer tits than all the Bangles
Got Kangols singin Star Spangles - Oh Say Can You See
I'm better lookin than the flag you can sing that shit to
me
(I'm gonna get in big trouble Louise!)
I'm taking a stance spend my big advance on a 500
man lap dance
Put ants in Bagger Vance's baggy pants sir come
dance it's just my circumstance
I wanna watch him do the Safety Dance, I'd do it myself
but I can't
Or I'll just give my dough to my new label for nice
dinner and liquor
I'm playin but, um next year that advance needs to be
bigger
