I wanna be your only one (x3)
And maybe you can be mine.

Sometimes when I look into your eyes I feel them stray
away.
Gonna leave, gonna leave, or are you here to stay?
I know whats goin' on. Do you see me, are you there?
Baby, it happened to me. I got the same stare.

CHORUS

I wanna be your only one (x3)
Maybe you can be one of mine. (x2)

Been seven years and I fear something just ain't
right.
Been haunting me, I ain't free of my appetite.
Been so long, been so lonely even though I got you.
Give me my cake & let me eat it too.

CHORUS

I wanna be your only one (x3)
And maybe you can be one of mine. (x4)

(solo)

CHORUS

I wanna be your only one (x3)
And maybe you can be one of mine. (x2)

One of mine (Whoa)
One of mine (Whoa)
You can be mine (Whoa)
You can be mine (Whoa)
