"Not About You"

You get me hot, you get me so hot
You get me pissed, so pissed
And I can't have you 'cause you can't be me
This ain't gonna be so easy

Wanna fuck or wanna fight?
Don't wanna fuck, turn off the light
I'm gonna drink & get wasted
Can't you see

CHORUS
It's not about you (Whoa)
Not about you (Whoa)
Not about you (Whoa)
It's not about you

Don't care where you are tonight
Don't care who you're holding tight
Cuz I know you think of me
I can feel you out there breathing

And when you see me on the street
Look ahead don't look at me
Cause I know if you do
I might doubt why I'm not with you

CHORUS (x2)

Oh I know how it feels to be oh so low
But I can say it's better this way, baby
No, I can't stay but I still love you anyway

CHORUS (x2)
