I told you I was sorry
I told you I was wrong
This time I'll go the distance
This time I'm better off alone
I'm walking out the door now
I've never been this scared
This time I'll go the distance
This time I'm better off alone

Can't hold me down
So with that in mind I'll take my time
Cause this is all I know
It's all I need
So take my side we're so alive

Come on give it to me give it to me
Let us play the music we love
It's everywhere
It's everywhere
Let us play the music we love
It's all we have
It's all we have yeah

My time is now
Cause for years I've tried
And with this time
I'll leave it all behind
Cause I'm dying in here
And I can't give you a second chance

So take it from me take it from me
Let us play the music we love
It's everywhere
It's everywhere
Let us play the music we love
It's all we have
It's all we have yeah

I told you I was sorry
I told you I was wrong
This time I'll go the distance
This time I'm better off alone

I'm walking out the door now
This time I'll go the distance
This time I'm better off alone

I told you I was sorry
I told you I was wrong
This time I'll go the distance
This time I'm better off alone
I'm walking out the door now
This time I'll go the distance
This time I'm better off alone

Let us play the music we love
It's everywhere
It's everywhere
Let us play the music we love
It's all we have
It's all we have yeah

Let us play the music we love
its everywhere
