do you close your eyes when you kiss me
do you close your eyes if you miss me
and do you wonder why
i sent for you tonight
do you wonder why

golden bells are ringing in the year
through all the tears you cried for me
i always knew you could
so hide inside your looking-glass surprise
the lies become the truth you hide
the lies become the lusty night

do you close your eyes when you kiss me
do you close your eyes if you miss me
and do you wonder why
i sent for you tonight
do you wonder why

do you dream your dreams when you're with me
and do you see the things that i see
and is it true enough
is it true of love

secrets cloud your ears and fill your nights
with compromise and shadows torn
you make your way to him
the moon becomes your silent confidant
the one you want will stand alone
the one you love is never known

do you close your eyes when you kiss me
do you close your eyes if you miss me
and do you wonder why
i sent for you tonight
do you wonder why
