boredoms in the bathroom shaking out the loose teeth

sally's in the stirrups claiming her destiny

and nobody nowhere understands anything

about me and all my dreams

lost at sea

jack it up judy set your heart alight

mayfair mistress of the satellites

misspent youth faking up a rampage

to hold off the real slaves

paid off and staid

and what you never knew

can never get to you

so fake it

i'll be your stumbleine

i'll be your super queen

and make you

jukebox fuckup hanging round the drugstore

no matter what you say he'll be back for more

mommy's in the manger with the little kids

she's got her reasons, got my forgets

of tears and idle threats

misplaced

and no matter what they do

they can't get to you

so fake it

i'll be your stumbleine

i'll be your super queen

and make you me

come around ruby i could never sleep alone
