I say any nikkas who want it they know they going to get
it
If im beefing wit nikkas its never in a record
1 and teck it cash and ima check it
If it aint a million ill tell them to forget it
Shawty automatic till I get it

Whisper in her ear next u know she ready
I know it sounds petty
Im down to get u naked

U know im just playing unless u really let me
Kill it wit no kick and no snare
I hustle so hard I made it a career
Im selling shampoo to nikkas wit no hair
Instrumentals to nikkas wit no ear
Watch me double up like a mayor
Call them haters Houdini and watch them all disappear
Yeah that's why im still here
I guess that's the reason why they so insecure
