Yeah, I'd walk those streets  
I'd walk those streets alone  
And though it was a long way  
A long way from my home

Didn't know many faces  
Some they look like stone  
Some like hungry jackals  
Ragged to the bone

But I'd go on believing  
It was only a state of mind  
And then my love would appear  
She would shatter my bitter mind

Only game in town  
You are the only game

I would look forward  
To the times I love the best  
And now I treat each moment  
As if it was my last

You can't lock your love away  
Or hide your heart like a fool  
You've got to always be afraid  
Of letting the pistons cool

Only game in town  
You are the only game  
The only game in town  
You are the only game

I wrote you a letter  
Now I've come around  
I hope you feel better  
Didn't mean to bring you down

'Cause there ain't no hidden treasure  
There ain't no pot of gold  
There ain't no rags to riches  
Only the rugged soul

Only game in town  
You are the only game  
The only game in town  
You are the only game

The only game in town  
You are the only game in town  
Only game in town  
Only game in town
