Another apron of tears and pain
(Realize and just let go)
That shows how far we made it
(It will never be the same)
Nowhere till now
In the end you'll see sooner or later
That every step we took together
Was a possibility...

Higher, deeper...
... Look through my eyes
See what fear denies

Sooner if you let me
Later if we try
But never say
That it's my fault alone
'Cause everyday was different
And so were we
Lean back and take a deep breath
Because...

All these days you've made truth so wonderful
Faithful words
But that fading smile of yours so sorryful
Lean back and take a deep breath because

Because you know why
(Realize and just let go)
We're standing here
In front of all that mess
(It will never be the same)
That just won't disappear
Stop pretending
Stop telling lies
Liar, liar
Stop pretending
Stop telling lies
Liar, liar

Sooner if you let me

Later if we try
But never say
That it's my fault alone
'Cause everyday was different
And so were we
Don't blame me
Don't blame me
Don't blame me

All these days you've made truth so wonderful
Faithful words
But that fading smile of yours so sorryful
Lean back and take a deep breath because...

Stop pretending
Stop telling lies
Stop pretending
'Cause you know why
