Here I am late again for the last time and like I  
promised I just told her goodbye  
Please believe me for this time it's really over and  
darling you know I wouldn't lie  
Didn't I come and tell about her how temptation lured  
she and I  
But now I know it was only fascination and darling you  
know I wouldn't lie  
I had to led her down easy as slow as I could after all  
she's got feelings too  
But it took a little longer than I've thought it would  
But this time she knows we're really through  
She wanted to hold me forever and this lipstick shows  
her final try  
And these tears on my shoulders are proved that she  
failed  
And darling you know I wouldn't lie
