All aboard the Hell-bound train
As it burns on down the track
Leaving gold and good behind
Because they won't be coming back
The souls depart at the midnight hour
On a one-way ticket down
Severed from this mortal coil
Never to be found

Burnin', burnin' alive
Burnin', no one survives this ride

The Helltrain runs through the night
The wheels keep turning
The fires keep burning
Once around a long way down
Miles down from Heaven
Alone on this Hell-bound train

The conductor smiles, demonised
As he tolls the engine bell
Devilman come to claim his own
Gonna take 'em al down to Hell
A ghost train ride, a moonless night
Screams that wake the dead
Rollin' thunder, breathing fire
Burnin' on full steam ahead
Burnin', burnin' alive
Burnin', no one survives this ride

The Helltrain runs through the night
The wheels keep turning
The fires keep burning
Once around a long way down
Miles down from Heaven
Alone on this Hell-bound train

The Helltrain runs through the night
The wheels keep turning
The fires keep burning
Once around a long way down
Miles down from Heaven

Alone on this Hell-bound train

The wheels keep a-turning
The fires keep on burning
Once around a long way down
So far from Heaven
Alone, alone on this Hell-bound train
