"Love Is"

Visit "[Love Is](#)" on MotoLyrics.com

Love is blue skies and white clouds touching the valleys
of green
And love is walking in the sunshine in my oldest faded
jeans
Love is a pink footed puppy running carefree by our
side
And love is love I have for you honey that I just can't
seem to hide
Don't want no fancy clothes and don't need no party
wine
For I've got your sweet sweet love and you've got all of
mine
Love is morning after mem'ries of the night that we
had before
And love is warm and tender feelings cause I love you
more and more
[steel]
Don't want no fancy clothes...
Yes love is morning after mem'ries...
