George he's got lots of money he's got everything  
going his way  
He drives down the street in a big limousine  
Oh how I wish I could just be George for a day  
I'd walk around feeling seven feet tall for twenty four  
hours I'd have it made  
Yes I would really be in high society if I could just be  
George for a day  
[ steel ]  
George he lives in a mansion he don't have to work for  
his pay  
All the girls wanna marry him oh how I wish I could just  
be George for a day  
I'd walk around...
