

Red Simpson "Take Me Home"

Visit "[Take Me Home](#)" on MotoLyrics.com

Rollin' I go rollin' along I'm listenin' to that diesel hum a
song

Well I'm just as happy as I can be cause my pretty baby
she's a waitin' for me

So come on truck yeah take me on home

I'm longin' just to hold her again and I miss her and
want to kiss her again

We've been on the road for a long long time

But we'll get some rest at the end of the line

So come on truck take me on home

[guitar + steel]

Stoppin' just stop outside of town at the truckstop
where all the truckers hang around

Oh we got some cleanin' up to do I need the shavin' you
need a washjob too

So come on truck yeah take me on home

(Come on truck let's go now gettin' close to home

There's the lights of the city and that's pretty)
