Caught in the comfort of my trap  
Where it's easier to die than to fight back.  
Half-dead, but I hope it's not too late  
To take some action and change my fate.

Hold on,  
Hold out  
Resistance.

Lost in the white-out, I'm under the snow;  
The more I struggle, the further down I go  
Down I go.  
Half-dead, but I hope it's not too late  
To take some action and change my fate.

Resistance.  
Resistance.  
Resist! Resist!  
Resist! Resist!  
Resist! Resist!  
Resist - resistance.
