did you save your wisdom teeth?
did you burn your christmas tree?

he got dragged by a donkey
through the dust and the myrtle
but he was once a little fat baby

did you lose your [fatty?] in the bath?
did you make the city slickers laugh?

he got dragged by a donkey
through the glass and the myrtle
but he was once a little fat baby

did you burn your wisdom teeth?
did you save your christmas tree?

he got dragged by a donkey
through the switches and the myrtle
but he was once a little fat baby
