Damage control! Damage control! Damage control!
Damage control!
The styles you rented
The heart you faked
The big martyr of all the rattlesnakes
You're an echo narc sabotage land mine
Megalomaniac loosing time

So keep away
Around the people who decided dead
Consume you
There's so many agents
Trying to waste my time
Worldwide I got a plan devised

Destroy your babalyon
Suicide pride
Try to make it rough on the police
Try run me down

It's a lifelong tease
Enforced reality
This rapture at our claws
Gotta protest without pause 'cause the police
Try run me down

Damage control
Every thought every word

Conducted schism
Always on the hate
Nothing but robot
Check your mental state
Gotta turn around this negative vibe
And thrive
The sucka egos pimped out your mind

And when you don't show up for work
There won't be no amber alert
There's so many agents
Trying to waste my time

Worldwide I got a plan devised

It has begun

This time we're going to war
