"I Love You Because"

Visit "[I Love You Because](#)" on MotoLyrics.com

I love you because you understand dear every single
thing I try to do

You're always there to lend a halping hand dear

I love you most of all because you're you

No matter what the world may say about me

I know your love will always see me through

I love you for the way you never doubt me but most of
all I love you cause you're you

[guitar - steel]

I love you because my heart is lighter every time I'm
walking by your side

I love you because the future's brighter the door to
happiness you've opened wide

No matter what may be the style or seasons I know your
heart will always be true

I love you for a hundred thousand reasons

But most of all I love you because you're you
