This is out of hand  
You see no actions seem to regenerate  
One man army battle cry  
Well in darkness now it's so clear  
The active surround you  
Like rabid dogs  
Like stupid songs  
Locked in a cage  
Cut your wrists  
It's war on the world  
This is your

(Social meltdown)  
Everyday self-segregated  
Now your life's a mess  
(Hangs like a cloud)  
All you see is the negative  
You can't take one more breath

I get I'll  
But I just smoke the herb  
Just drop that pill  
Those black clouds will dissolve

This self-destructive scene  
Force fed direction  
Force fed routine  
Mind exhausted on everything  
I see neurosis in the mirror  
Duration  
Seclusion  
Mind like a bomb  
The fuse is lit  
The time has come  
In my remission I'll burn it all  
You see these eyes  
Take shelter

Seize the day  
It's already yours  
Seasons will change

Don't give up the fight  
Don't sicken out

Headphones check  
Hood up check  
Got to hit the streets  
'Cause my mind's a wreck  
Got the pepper spray in my reach  
I'm in deep thought  
So don't go talking to me  
If only you knew where I'm coming from  
You'd run  
Heaven I need a hug  
Up from the grave it's got to give  
Just trying to keep my mind positive
