Walkin with a love gone
Weeping willow
No more nose to nose on borrowed pillows
Oh, now it's concrete beds

It wasn't my fault bit made me shiver
I've got tears for sale
Now I cry me a river and oh...
Now I'm drowning there

And when I carved our names in the southern sky
To show that I loved you and you loved I
Well, oh...
It turned me a vampire

And after all the nights of the love sick bites
And the heart attacks
You came draggin back into my life
Wanting antique love again
Well I'm not that man

And you promised good weather
And it never came
And you know it's true
And you're way too late
So when your sun shines second hand rays in my eyes,
in my eyes
Well I turn to make an ugly face

We used to to back and forth and forth and back again
Belly
Belly to belly all night
You let my candle burn
From both ends

I gave you my heart
Let your heart beat for me
My appliance with a dead battery
And oh...
We were not compatible
Wrong size

So you shopped around
And you thought you found a new window display to
take home
While holding me on layaway

So now you're gone and out of my heart
Yet you're rolling back on my pages
Hoping to start to reread
My novel again
Still reading of magazine men
