Wherever you wanna go, that's fine
Dress up just like Audrey Hepburn and thread the
needle
With the divine
And cut down parking meters
Sheets to the wind, I'll oblige
As long as we drink till dawn and then sleep through
The light

Where do you wanna go tonight
You feel like palm trees and mai thais
It's the same old thing every Saturday night
And that's why we're getting out of here tonight

So tell me where you wanna go
Tell me where you wanna go
Wherever you point to I'll find
So tell me where you wanna go
Tell me where you wanna go
Girl I'll let you steer the wheel while I drive

Strip bars make you feel dirty
Go wash your hands
Amusement parks don't start till it turns green
And the drive-in's cold as hell
The windshield fogs up so well
It looks like ghosts are dancing on movie screens

So where do you wanna go tonight?
Oh I feel like drinkin' whiskey and gettin' high

So tell me where you wanna go
Tell me where you wanna go
Wherever you point to I'll find
So tell me where you wanna go
Tell me where you wanna go
Girl I'll let you steer the wheel while I drive

Where do you wanna go tonight

Oh, you can't be in teh circus if you don't wanna leave

Town
No destination's too far from us now

So tell me where you wanna go
Tell me where you wanna go
Wherever you point to I'll find it
So tell me where you wanna go
Tell me where you wanna go
Girl I wish that you would make up your mind
So tell me where you wanna go
Tell me where you wanna go
Girl I'll let you steer the wheel while I drive

Make up your mind
