Tiny tiny, a little faith
I bet he played a little, bend the norm
Stay still, sit up straight
You know you got to concentrate

Oh pick it up, and put it in
You chose a great party
Tiny tiny, a little faith
I bet he played a little, bend the norm

Play it on
Play, play it on
Play it on
Play, play it on
Play it on
Play, play it on
Play it on
Play, play it on

Saddle up, and get the tape
Saddle up and get the tape
Wrap me up, and tear me down
Red tape fill up all this ground

Tiny tiny, a little faith
I bet he played a little, bend the norm
Stay still, sit up straight
You know you got to concentrate

Play it on
Play, play it on
Play it on
Play, play it on
Play it on
Play, play it on
Play it on
Play, play it on

Play it on....

Saddle up, and get the tape

Saddle up and get the tape
Wrap me up, and tear me down
Red tape fill up all this ground

Tiny tiny, a little faith
I bet he played a little, bend the norm
Tiny tiny, a little faith
You know you got to concentrate

Play it on
Play, play it on
Play it on
Play, play it on
Play it on
Play, play it on
Play it on
Play, play it on

Play it on...

Play it on
Play, play it on
Play it on
Play, play it on
Play it on
Play, play it on
Play it on
Play, play it on

Play it on...
Play it on...
Play it on...

Play it on
Play, play it on

Play it on...
