Ive never had a felling so right,
Like I had with you,
Cant explain a thing you do.
Why dont you
tell me softly you love me too

Is like I know we were meant to be
So for eternity,
You will have a part of me,
All I need is for you to stay right here with me

Time goes by, while we stand still
I know it does, I know it does
Love you for eternity I will
I know that we were meant to be
You were meant to be my love
Thats how I feel when your with me

You are the reason of my heartbeats
I know I never thought I will ever fall so deep,
but know I see that the love
that we share is all so sweet

What if I told you that I believe
that you are my soul, my destiny,
what if I was to say I every way
deep in my heart is where youll be

Timeeeee
Time goes by, while we stand still
I am still right here
Love you for eternity I will
Ill never go
I know that we were meant to be
we were meant to be
Thats how I feel when your with me

Time goes by, while we stand still
Love you for eternity I will
I know that we were meant to be
Thats how I feel when your with me

And you hold me close so tenderly,
and I watch you fall to sleep,
I seeing you the one who now
complete the half of me I used to be
