Easy, easy to see, I'm yours, take me, don't leave
It's the only way I could be, please don't go and hurt me
I'm not strong to make it without you by my side

Easy, easy to see, I'm yours, we're meant to be
Even when I break down you're the one I hold on
'Cause I'm just a woman that disappointed you

Now I'm standing here so tired of my own lies
And I hope that you see truth in my eyes
It's hard to breathe now, just so hard to live
'Cause I've hurt you but it's killing me

Easy, easy to see I love you unconditionally
Don't wanna lie, don't make me, if you cry you'll break me
It's hard for me to face it, I'm the one to blame, oh no!

Don't wanna lie, don't make me, if you cry you'll break me
Begging you forgive me 'cause I love you, I really love you
I don't want no wonder, all I want is you
'Cause all I want is you

Every time you leave me feels so bad it hurts me
I'm not strong enough to make it without you by my side
Easy, easy to see
