And home is where you hang you head,  
Is where you rest your bones,  
Is where you're livin'.  
And free is how you move your mind,  
Is how you feel inside,  
Is what you're doin'.

Little girl, yeah,  
what you doin'?  
No one got to tell you its the hardest part  
In a world, yeah, but you're knowin'  
Goin' it together is the place to start  
And though it brings me down

To home  
Is where you hang you head,  
Is where you rest your bones,  
Is where you're livin'.

Oh little girl, whoa,  
What you doin'?  
No one got to tell you its the hardest part  
In a world, yeah, but we're knowin'  
(something something something),  
It's all a part

And though it brings me down

To home  
Is where you hang your head,  
Is where you rest your bones,  
Is where you're livin'  
And free is how you move your mind,  
Is how you feel inside,  
Is what you're doin'
