You come around the track about a quarter to five
(Go speed racer, go speed racer)
You come around the bend you know you're doin' it fine
(Go speed racer, go speed racer)
Every time (something something), I want to make you
mine

She comes around the bend about a quarter to three
yeah
(Go speed racer, go speed racer)
Well she come around the bend you know she'll do it
for me
(something)'s out of sight, I wanna do it tonight

Jump a little line, well
(So fine, so fine, so fine)
Jump a little time
When you (something) back, you be doin' it fine

Well you come around the bend about a quarter to
three
(Go speed racer, go speed racer)
Well you come around the bend you know you do it for
me
(Go speed racer, go speed racer)
Look (something)'s out of sight, what you doing
tonight?

Jump a little line, well
(So fine, so fine, so fine)
Jump a little time
When it makes it back, you be doin' it fine

Go speed racer (x8)
