You said you knew all about the way things were,  
You took a beautiful girl and put a hold on her.  
She put a hold on me, (whoa, whoa)  
Get back try to make what you can, (whoa, whoa)  
Oh you must have lost your mind to be in love again.

You said you're searching for some soul,  
Give it if you want it.

Well all around your head what a shame just to have  
and to hold  
You gotta give it away now, you gotta do what you're  
told,  
You gotta do what you mean (whoa, whoa)  
Oh lord you said what a drag it's been (whoa, whoa)  
Oh but you gotta look up, you gotta hold on.

You said you're searching for some soul,  
Give it if you want it.

I tried so hard you know I fought in the (something),  
But you put it all away.  
I know it set you back and the truth is so bad  
Oh it makes me sad

(oh fingers!)

Okay, alright.

Well you've been all around  
Oh you said you know the scene  
They got a pretty good band  
If you know what I mean  
Do you mean what you say?  
Oh lord what a drag it can be  
Oh but you gotta hold your head up now,  
you gotta hold on

You said you're searching for some soul,  
Yeah, I want to make you mine.

I know how what you know is fading away  
And yet you haven't heard a word I say  
I know it set you back,  
And the truth is a drag  
it brings you down

It goes ba ba bababa baba ba baba  
And that means  
you will never know what's good for me  
You will never know  
You will never know

Never never never never never never never never know  
Never never never never never never never never know  
(what you want to know)

Oh, what you want to know

You will never know  
You will never know  
You will never know  
(oh will never know)

Never never never never never never never never know  
Never never never never never never never never know
