Hey there baby

I have gotten some news for you

You think you're something out of sight

to take me out every night

take me out show me everything

but you won't do the right thing

Baby wants a diamond to have and hold

a diamond ring with a band of gold

string of pearls are so nice

but it ain't worth a trip to paradise

your weary romance is much too slow

you gotta give up o that dough

Baby wants a diamond to have and hold

a diamond ring with a band of gold
