Hey there fellas my name is Death
So when you see my comin better hold your breath
Some call me the repo man
Cause I seem to collect wherever I am
I'm often called the Big Finale
I got a tendency for bringin the curtain down
And I can't help my reputation proceeds me
Like the clouds before a storm you'll run for cover
believe me
And I start every conversation the same

Sayin hey there fellas my name is Death
So when you see me coming better hold your breath
Cause I'm your last breath, I'm your sweet retreat
I'm the baddest motherfucker you will ever meet
I'm free to come and go as I please
I wear the seven deadly sins upon my sleeve
I'm dying to meet you now
I got a handshake you'll never forget, my friend
I'm the end, my name is Death

Some say that I'm all work and no play
I just got a knack for taking peoples breath away
It's not to say exceptions can't be made
When the Stones wrote me a song I cut em a break
And I can't help that I'm dressed best in black,
Even better than the late, great Johnny Cash.
And I shot more men in Reno than he ever did.
I got a million weapons and more ways to use em
From nuclear power to drugs and boozin
But my favorite just might be the element of surprise

I whisper hey there fellas my name is Death
So when you see me coming better hold your breath
Cause I'm your last breath, I'm your sweet retreat
I'm the baddest motherfucker you will ever meet
I'm free to come and go as I please
I wear the seven deadly sins upon my sleeve
I'm dying to meet you now
I got a handshake you'll never forget
And I mean no disrespect

But if you see me comin, better run
Cause my name is Death
My name is Death
My name is Death
My name is Death
