Everybody, body it's all
It's all the same to you
And everybody don't care
Love you're gonna, gonna find I'm gonna hold you up, I
will
And it's all the same to you, to me it's all the same to
you and everybody don't care
But you're gonna be the one I love when I hold you up
And then the night before
The way you left the crack on the floor
The overdose
Overload
Overhold
Well I don't even care

ALIVE

We cried as we held our hands to the sky
You gotta love this high
And then we come down
As our fevers rush us gently to the ground
And now it's time to get a little bit something more
overwhelming
What's the feeling you're recommending
Doctor, would you mind giving me double on the
dosage

Up, down, all around
Hunting for the number one fun

Expressions have changed from somber to deranged
Our volume's on high
And I hope you know that this is the time of our lives
We can die and still survive

And with the Radio Flyers with wings of fire
Breakin us through to the other side
We have created our own roller coaster ride
We rode...

Things jsut got more complicated
Daisy I'm bline
Cause we've lost control of what operated the governor

for the hight
Oh no
Well I'm burnin up fast
Runnin outta wick
Holy shit
Oh God I'm gonna be sick
I need a pinprick
Or another fix
A reality check

Up, down, all around
Hunting for the number one fun
