Take your time
it doesn't matter what you say
Take your time
You're living every single day
And
I can't believe what you said
I can't believe what you said to me that night
Because the beat carries on
you said you wish you were me
And then the beat carries on
you said you wish you were me
and then we'll dance, we'll dance, we'll dance
all night long

Well if the beat carries on, and we'll dance tonight
we'll
dance all night
because the beat carries on and we'll dance tonight
we'll
dance all night long

take your time
we'll live until the end of night
take your time
we'll try to watch just every fight
I can't believe what you said
I can't believe what you said to me that night
Well if the beat carries on, and we'll dance tonight
we'll
dance all night
because the beat carries on and we'll dance tonight
we'll
dance all night
Because i want it, i want it, i want it now
i want it just right now
because the beat carries on and we'll dance tonight
we'll
dance all night long

because the beat carries on and we'll dance tonight
we'll
dance all night

because the beat carries on and we'll dance tonight
we'll
dance all night long
Because i want it, i want it, i want it now
i want it just right now
Because i want it, i want it, i want it now
i want it just right now
