I know now, im searching, im trying  
not knowing everything gonna be okay  
gonna be okay for you  
you seen it, believe it  
i don't know what she said  
everything gonna be okay  
gonna be okay for you  
i know not everything but nothing  
and i can't seem to stay  
now its stupid 'coz i know that you are going away  
i hear you're fine, your okay in your mind  
but everything gonna be okay  
gonna be okay for you

so nothing, nothings gonna, gonna go make me stay  
now you are, you are going, going away  
so  
now you are going away  
well it hurts and it stings and you never you can win  
well i know and i try and i still lost my mind  
so im going, im going, im going away  
im dying, im dying, im dying today

i know now, you seen it  
i lost my guard again  
but everything gonna be okay  
gonna be okay for you  
i see you, you're fading  
i guess that's nice to know  
but everything gonna be okay  
gonna be okay for you  
i know not everything but nothing  
and i can't seem to stay  
now its stupid 'coz i know that you are going away  
hear you're fine, your okay in your mind  
but everything gonna be okay  
gonna be okay for you

so nothing, nothings gonna, gonna go make me stay  
now you are, you are going, going away  
so  
now you are going away

well it hurts and it stings and you never you can win  
well i know and i try and i still lost my mind  
so im going, im dying, im dying away  
im dying, im dying, im dying today

well it hurts and it stings and you never you can win  
well i know and i try and i still lost your mind  
so im going, im dying, im dying today  
im dying, im dying, im dying away

im dying today im dying today  
im dying  
im dying  
im dying today
