"Leave Me Alone"

Everybody's gonna try to tell you what to do
And never, never, never, never
Let it be said that it's true
Leave me, leave me, leave me, leave me, leave me
alone
Leave me, leave me, leave me, leave me, leave me
alone
They're the kind of people that'll always let you down
I know you, too, you don't ever give it a frown
Leave me, leave me, leave me
Don't you know some people
They just don't know when to stop
They can't tell the floor from the ceiling or the top
And there're other types, they always make you wait
And they're always the first to say
The state you come from
Leave me, leave me, leave me
Love me, love me, love me, love me, love me forever
Love me, love me, love me
Leave me, leave me, leave me
