When you pass through the fire  
you pass through humble  
You pass through a maze of self doubt  
When you pass through humble  
the lights can blind you  
Some people never figure that out  
You pass through arrogance you pass through hurt  
You pass through an ever present past  
and it's best not to wait for luck to save you  
Pass through the fire to the light  
As you pass through the fire  
your right hand waving  
there are things you have to throw out  
That caustic dread inside your head  
will never help you out  
You have to be very strong  
'cause you'll start from zero  
over and over again  
And as the smoke clears  
there's an all consuming fire  
lying straight ahead  
They say no one person can do it all  
but you want to in your head  
But you can't be Shakespeare  
and you can't be Joyce  
so what is left instead  
you're stuck with yourself  
and a rage that can hurt you  
You have to start at the beginning again  
And jsut this moment  
This wonderful fire started up again  
When you pass through humble  
when you pass through sickly  
When you pass through  
I'm better than you all  
When you pass through  
anger and self deprecation  
and have the strength to acknowledge it all  
When the past makes you laugh  
and you can savour the magic  
that let you survive your own war  
you find that fire is passion

and there's a door up ahead not a wall  
As you pass through fire as you pass through fire  
try to remember it's name  
When you pass through fire licking at your lips  
you cannot remain the same  
And if the building's burning  
move towards that door  
but don't put the flames out  
There's a bit of magic in everything  
and then some loss to even things out
