Fool Cut your face
Comedown, youre up in space
Are you here? Or are you there?
Join the cause, or are you scared?

Put your coat on and dont ask why
Put your coat on and dont ask why.

Fall, Fall from bed
Youre alive Youre in my head
Bombs for show in telefoto

Put your coat on and dont ask why
(further from the from the cease fire)
Put your coat on and dont ask why.
Put your coat on and dont ask why
Put your coat on and dont ask.

She was the kid who cried all day.
Youre not far now
Calm down
Pieces fall I am not coming home
