Underneath me you are melting  
Soon enough you will be shouting  
Gimme your love  
Gimme your love  
Gimme your love  
It's all we need

Seems there is no other way now  
We've been gone for many days now  
Gimme your love  
Gimme your love  
Gimme your love  
It's all we need

Gimme your love  
Gimme your love  
Gimme your love  
Gimme a love thats sweet as .... Oh yeah

Gimme your love  
Gimme your love  
Gimme your love  
Gimme a love thats sweet as.... oh

Til our last breath we will love dear  
I have time for nothing else here  
Gimme your love  
Gimme your love  
Gimme your love  
It's all we need

Gimme your love  
Gimme your love  
Gimme your love  
Gimme a love thats sweet as.... oh yeah oh yeah

Gimme your love  
Gimme your love  
Gimme your love  
Gimme a love thats sweet as.... oh  
What do you say to, one of you please get out?  
One of you got to, one of you got to

What do you say to, one of you please get out?  
One of you got to, one of you got to

Gimme your love  
Gimme your love  
Gimme your love  
Gimme a love thats sweet as.... oh yeah oh yeah

Gimme your love  
Gimme your love  
Gimme your love  
Gimme a love thats sweet as.... not

I have time for nothing else here  
Til our last breath we will love dear

Gimme your love  
Gimme your love  
Gimme your love  
Gimme a love thats sweet as.... oh yeah oh yeah

Gimme your love  
Gimme your love  
Gimme your love  
Gimme a love thats sweet as.... oh

Wasting away in my hotel room all alone with you  
Wasting away in my hotel room

Gimme your love  
Gimme your love  
Gimme your love  
Gimme a love thats sweet as.... oh yeah.... Alright
