Hey there, won't you give me a smile?
I've not seen one in a while.
I'm sure you'd look better smiling,
Here I come - step away,
I've a message on my face,
I'll tell you just what it's saying.

[Harmonising]
Oh baby, I'm not scared.
[Harmonising]
Oh baby, I'm not scared.

It's the same everyday,
Oh it seems such a waste,
Please tell me who are you fighting?
Show me, won't you give me a smile?
I've not seen one in a while,
I'm sure you'd look better smiling,

[Harmonising]
Oh baby, I'm not scared.
[Harmonising]
Oh baby, I'm not scared.

And I walk through the land,
With a bond in my hand,
For the people who spurned,
I will look at each turn,
With my arms opened out,
To you all I will shout:
"Oh baby, oh baby, oh baby, oh baby, oh baby I'm not
scared."

[Harmonising]
Oh baby, I'm not scared.
[Harmonising]
Oh baby, I'm not scared.

What you gonna do, is it really what you want?
Tell me, is it true, that you're scared of what you've
got?

What you gonna do, is it really what you want?
Tell me, is it true, that you're scared of what you've
got?

And I walk through the land,
With a bond in my hand,
For the people who spurned,
I will look at each turn,
With my arms opened out,
To you all I will shout:
"Oh baby, oh baby, oh baby, oh baby, oh baby I'm not
scared."

[Harmonising]
Oh baby, I'm not scared.
[Harmonising]
Oh baby, I'm not scared.
[Harmonising]
Oh baby, I'm not scared.
[Harmonising]
Oh baby, I'm not, not, I'm not,
Oh baby, I'm not, I'm not, I'm not,
Oh baby, I'm not, I'm not, I'm not,
Oh baby, I'm not,
Oh baby, I'm not,
Oh baby, I'm not, scared.
