Sing with me.  
That's is where I'm at.  
Hoot with me.  
I'd get into that.  
If you know where I'm at,  
I would get a kick from that.  
Muddy face, bloody hand.  
Naked we dance on our clothes.

So will you come with me?  
I'll take you away

Spin with me,  
That's is what I feel  
Open your arms.  
Release from within.  
If you know where I'm at.  
I would get a kick from that.  
Come the dark,  
Light a fire.  
In the rain we raise our heads

So will you come with me?  
I'll blow you away
