Feeling horny, and just that
You don?t want my love, I?ll take it back
Learned a lesson, on my knees
I don?t want your dreaded sympathy

All I want, all I need
Is some mercy for me please
Give it up now

Visions of me that make your face a frown
You want to change my crocked world around
What I got, what is in my past
You?re not able to see in just one glance

Come down, come on, come on, come on
She don?t want nobody ?round
She don?t want nobody coming home

And all I ask of you is what I?d give for free
I ask the Lord for mercy, I?m begging on my knees
If we?re to live together for what we hope and pray
Then we must give each other a little love to find our
way
