How will I wake tomorrow?
Can laughter come from sorrow?
Well, I've been waiting,
For a feeling,
And I've waited a long time.
Well I've been around the world
And I ain't seen none like you
However can I follow?
All the words that you borrow?
Well, I've been waiting,
For a feeling,
And I've waited a long time
Well, I've been around the world
And I ain't seen none like you
Well I was over you
Before you told me to
I was the first to feel this way
Before you chuck me out
I was the first to doubt you
I was the first to feel this way
Well I've been around the world
And I ain't seen nothing like you
