Talk to me, talk to me
Come show me what you want to be,
For I've been dreaming all my life and I've not woke up
from this night.

Talk to me, talk to me
Come show me what you want from me,
'Cos I've been looking all my life for someone who will
make me feel alright

Alright
Alright
Alright

Talk to me, won't you please
Come wake this pale democracy
'cos I've been strung out by the by, thats why you lose
your appetite
Chances are, blame will be laid on heavy set apathy
Come on lets bring this place to life and make it so we
all can be

Alright
Alright
Alright
Alright
Alright
Alright
Alright

I think you've got a good idea
Why don't you whisper in my ear
Sweet conversation when you're gone
I have been searching for someone

Talk to me, come talk to me
Come show me what you want from me
For I've been looking all my life for someone who will
make me alright

Alright
Alright
Alright

Alright
Alright
