In my arms and my legs
And my hips and my shoulders
And my neck to my feet
In my brain, lets

Must I shout to be heard
Heard by you and your kind
In your offices all around, listen up for a

It?s a weird feeling, friend
I can?t understand it at all

Speak of me when I?m dead
With your hand on my face
All those memories that besot you
Where?s a life looser?

It?s a weird fucking feeling, friend
And I don?t wish it upon no one

In the morning when we wake
We go down to the place
When we get there we kick a ball
We kick a ball in the car

Said it?d make me feel alright
Said it?d make me feel alright, feel alright
Put a little smile on my face
