I got the talk when I was younger and understood
As I recall they hadn't mentioned this at all
My heart was racing like a sprinter that tripped and fell
In love with a girl just for tonight and that's all

I've got big, big plans
And they've got to mean something more than just
once
I just don't know what i want

I'm gonna tear your a** up like we just got married and
you're all mine now
Tonight is the night we've been waiting for all our lives
Or maybe for just tonight

I got the call when I was older yeah and i understood
If it happens then it happens and that's all
My arm's the hose and you're the fire out of control
And I've got to put you out before there's nothing left at
all

I've got big, big plans
And they've got to mean something more than just
once
I just don't know, I don't know, don't know, I don't
Don't know, I don't know, I just don't know what I want

I'm gonna tear your ass up like we just got married and
you're all mine now
Tonight is the night we've been waiting for all our lives
Or maybe for just mine
So get your a** up cause you're in no hurry like i am
now
I'm getting older and older all of the time
Or maybe for just tonight

And the next part is the hardest
To admit and explain but I've got to get it right
She said I'll chew you up and spit you out like all them
I'm gonna put you right back in my mouth
You're gonna stay like that for now

I will always love you

I said I'll tear your a** up like we just got married and
you're all mine now
Cause tonight is the night we've been waiting for all our
lives
Or maybe it's just
you gotta get your a** up cause you're in a hurry like i
am now
I'm getting older and older all of the time
Let's go one more time

I'm gonna tear your a** up like we just got married and
you're all mine now
Tonight is the night we've been waiting for all our lives
Or maybe it's just mine
Over tonight
yeah, yeah, yeah
