"Best Of Me"

Tell me what you thought about when you were gone
And so alone
The worst is over
You can have the best of me
We got older
But we're still young
We never grew out of this feeling that we wont give up

Here we lay again
On two separate beds
Riding phone lines
You hear a familiar voice
And pictures drawn from memory
We reflect on miscommunications
And misunderstandings
And missing each other too
Much to have had to let go

Turn our music down
And we whisper
"Say what you're thinking right now."

Tell me what you thought about when you were gone
And so alone
The worst is over
You can have the best of me
We got older
But we're still young
We never grew out of this feeling that we wont give up

Jumping to conclusions
Made me fall away from you
I'm so glad that the truth has brought back together me
and you

We're sitting on the ground
(We're sitting on the ground)
And we whisper
(And we whisper)
"Say what you're thinking out loud."

Tell me what you thought about when you were gone
And so alone
The worst is over
You can have the best of me
We got older
But we're still young
We never grew out of this feeling that we won't give up

Turn our music down
And we whisper
We're sitting on the ground
And we whisper
We turn our music down
We're sitting on the ground
And next time I'm in town
We will kiss, girl
We will kiss, girl

Tell me what you thought about when you were gone
And so alone
The worst is over
You can have the best of me
We got older
But we're still young
We never grew out of this feeling that we won't
Feeling that we can't
That were not ready to give up

We got older, but we're still young
We never grew out of this feeling that we won't give up
