Bound to say something, eyes closed,  
It's cold, and I'm home  
I feel like nothing again,  
Pretending not to care, but I care,  
And I care, don't say another word

Our time was worthless, and I tried  
We started over and over again, as we let go  
We held each other, held hands,  
Held standards and grudges  
That's when I let you know,  
I guess that goes to show

Just what I've been going through,  
More nights of hugging my pillow, oh  
Replaying memories

Sing this song for me;  
Tell me how you?ll never leave my side  
I'll meet you at 7,  
And I miss you already, goodbye to you.

(the last good-bye, i'll ever say to you)

Our time was worthless, and I tried  
We started over and over again, as we let go  
We held each other, held hands,  
held standards and grudges  
That's when I let you know,  
I guess that goes to show

Sing this song for me;  
tell me how you?ll never leave my side  
I'll meet you at 7,  
and I miss you already, goodbye to you.

And I tried so hard,  
And I've done my part,  
And not to mention most of all of yours  
Try and feel,  
Try and listen,

Try and think of what you're missing,  
Try to look into my eyes.

TRY!!!!!!!!!!!!

Goodbye

Sing this song for me;  
Tell me how you?ll never leave my side  
I'll meet you at 7,  
And I miss you already, goodbye to you.  
Last goodbye I'll ever say to you.  
Replaying memories.  
You'll never leave my side.
