Make a list
Top ten regrets
Most foolish things said
This is one time
I let you go
A story I'm sure you and I both know
Feelings won't let go
Having trouble spitting out what's going through my
head

How I feel today
The same as yesterday
Our one year anniversary
And everything
I can't stand to see
My feelings anyway
You said hello then walk straight past
And on the way to leave
You're leaving me

You were the best thing that I ever had
And I want that back
You were the best thing that I ever, ever had
I ever had
But since you won't return
Thanks for everything

All your letters saved
The ones you wrote to me
Askin if I'd go with you to Horsham day
It's almost time to leave
Our one year anniversary
Keep in mind its picture time
My smile wasn't staged

You were the best thing that I ever had
And I want that back
You were the best thing that I ever, ever had
I ever had
And I want that back
But since you won't return

Thanks for all the memories
Thanks for everything

You were the best thing that I ever had
And I want it back
You were the best thing that I ever ever had
And I want it back
Once again
