Right now it's hard for me  
To let go and open up  
To tell you how I feel  
And what I'm thinking of  
I know it hardly shows  
It doesn't mean that I'm not trying  
Three little words  
One simple thing  
I never get it right

Chorus:  
So here I am  
Singing what I just can't say  
Need you to understand  
I love you doesn't quite explain  
So I'm gonna sing what I can't say

I'm not the type to wear my heart upon my sleeve  
I'm not an open book for everyone to read  
And I hope you don't confuse  
My silence for just not caring

Three little words  
Should say it all  
They just won't do tonight

Chorus:  
So here I am  
Singing what I just can't say  
Need you to understand  
I love you doesn't quite explain  
So I'm gonna sing what I can't say

It's such a simple thing to say  
Somehow it doesn't quite explain  
No it never comes out right

Chorus:  
So here I am  
Singing what I just can't say  
Need you to understand

I love you doesn't quite explain  
So I'm gonna sing  
Here I stand  
Singing what I just can't say.

I'll do the best I can  
I love you doesn't quite explain  
So I'm gonna sing what I can't say
