All the kids down in London
Everybody in New York City
If they listen to that Alternative
If fourteen and lookin' pretty

They want me to be their boyfriend
They want me to be their boyfriend

I can take you any place you wanna go
I can show you anything you wanna see
I can be whatever you want me to be
I can be whatever you want me to be

All the girls in the back room
I won't miss 'em when there gone
Don't you know there ain't nobody
You're the only one that turns me on

Don't you want me to be your boyfriend?
Don't you want me to be your boyfriend?

I can take you any place you wanna go
I can show you anything you wanna see
I can be whatever you want me to be
I can be whatever you want me to be

They want me to be their boyfriend
They want me to be their boyfriend
They want me to be their boyfriend
They want me to be their boyfriend

I can take you any place you wanna go
I can show you anything you wanna see
I can be whatever you want me to be
I can be whatever you want me to be

Boyfriend, boyfriend, boyfriend, boyfriend

They want me to be their boyfriend
They want me to be their boyfriend
They want
